Subject: In recommendation of Ms. Audrey Gardner

I have known Audrey Gardner since 2010 through working together at Delta Air Lines. She is not just a colleague but a person I am glad to have in my life. I am inspired and motivated by her examples of strength and selflessness.

Audrey is an invaluable asset Delta Air Lines through her role in managing Delta Sky Clubs at the very busy Hartsfield Jackson Atlanta International Airport. Audrey works tirelessly on overnight projects in addition to maintaining her regular duties. She coordinates multiple projects, is available for last minute requests regardless of the requirements to ensure minimal customer and operational disruption. Audrey simply put, does not know how to say "no". Her stakeholders call her "Angel" as she always comes to the rescue with grace and a "can-do spirit".

In addition to her incredible work ethic, she in her personal time she travels to Dakar Senegal to grow the organization she founded, Youth Action Without Borders, dedicated to providing aid to children in this area of the world. She collects clothing, toys, books, and toiletries through donation drives and takes them with her on trips to Africa. She has been recognized with a distinguished honor by being named Goodwill Ambassador to the Croix Rouge Senegalaise Red Cross of Dakar Senegal, first American ever given this honor. If that weren't enough, while working and developing a non-profit she earned her degree in May 2012, Bachelor of Science in Business Administration with a Concentration in Business Management. That example of dedication and hard work inspired me to go back to school and get my MBA.

Audrey is an amazing example of dedication and determination. She is a generous and caring lady who always has a smile on her face and a "yes" on her lips.

Sincerely,

Liz Devaney
General Manager
